SOBRE MIM

I am an animation student from São Paulo, passionate about creativity and emotion in all forms of audiovisual arts. I am always looking for practical and creative solutions for stories, concepts, designs and worlds to be created.

Over the past three years, I have worked as an assistant on 16 short films, 1 web series and co-directed my own short film. The experience has taught me to work as a team, always maintaining a positive environment, which further drives me to do great work.
